CHAMPIONSHIPS

- D45A – Now 13 years & under Classical Championship
- D45B – Now 14-18 years Classical Championship

With the splitting of sections & where sections have been combined, the YOUNGEST competitors will be placed in 'A' sections.

The 'B' sections are for the older competitors. It programs the order with the youngest competitor first then the oldest last in each section.

The only time competitors will be moved in order of scheduled program, will be if they have 2 sections following. We will move to allow time to change.

Competitors , If you note your sections have changed or that you now have a split section, you are asked to: Send an email to secretary@idbds.com.au and state your child's name and what section they originally entered. A reply will then be sent back with the actual section they have now been entered in if split or if their championship ages have changed.

Remember to state section number & age group, not just the name of child in your email request.

Thanking you Committee of IDBDS
